

YEAR END RECAP
July 1, 2025 - June 30, 2026
DEERFIELD BEHAVIORAL HEALTH OF WARREN LLC 403(B) PLAN
800643

Important Information

- Your plan is not subject to ADP/ACP Nondiscrimination Testing as the plan did not have any Highly Compensated Employees for the plan year ending June 30, 2026. For the plan year beginning July 1, 2026 no employee will be considered highly compensated.
- Your plan is designed to allow participants who were age 50 or older to make "catch-up" contributions. The 2025 limit was an amount up to \$7,500. Please see the appropriate compliance test for any participants who took advantage of this provision during the plan year. For 2026, the "catch-up" contribution is an amount up to \$8,000 for any participant who is or will be 50 or older at any time during the plan year. A plan may allow for higher catch-up contributions for participants age 60-63. For 2026, the catch-up limit for these participants is \$11,250.
- The plan's employer match contribution is calculated on a participant's compensation earned for each payroll period. We recommend reviewing your payroll records to determine if the plan's match formula was applied correctly to each payroll period. We also recommend reviewing your match contributions to ensure that employees did not receive a match contribution in excess of the contribution limit based on the annual compensation limit. Work with your local regional office representative if adjustments to the employer match contribution are required.
- Your plan may also permit participants with over 15 years of service to make an additional "catch-up" contribution. Participants with fifteen or more years of service who have not contributed an average of \$5,000 or more in elective deferrals to Plans (403(b), 457(b), SIMPLE or SEP) sponsored by your during each of those years of service, are eligible to defer an additional contribution equal to the lesser of \$3,000 or \$15,000 minus previous 15 year catch-up contributions or \$5,000 multiplied by years of service minus previous elective deferrals.
- **UNIVERSAL AVAILABILITY RULE**
The "universal availability" generally requires everyone must be able to defer. There is no age or service requirement permitted. To satisfy universal availability, all employees must have "effective opportunity" to make this deferral election annually. At least once during a plan year the plan must provide an employee (whether part-time or full-time) with an effective opportunity to make or change an elective deferral election, up to the dollar limit in effect, including any catch-up deferrals permitted under the plan, as well as Roth contributions if the plan permits. Certain employees may be excluded, including:
 - Employees who normally work less than 20 hours per week*
 - Students performing services at a school, college or university*
 - Non-resident aliens with no U.S. source income
 - Employees who are eligible to make elective deferrals under another 401(k), 403(b) or 457(b) plan sponsored by the same employer
 - Employees not able to defer \$200 during the plan year
- If you sponsor a qualified retirement plan not administered by Mutual of America, please provide your service provider with a copy of this Valuation Report to complete the combined plan testing. Upon request, we can perform the combined plan testing. Please contact your local regional office representative to discuss.
